

AMENDMENTS proposed to EXECUTIVE / MANAGING COMMITTEE OF SBHREA

Dear all

Our team has debated, discussed elaborately with all retirees settled in different stations and brought this proposal.

The need for more representatives is felt due to active interaction of members with SBHREA leaders, despite pandemic situation in past 3 years.

Hence after discussions with all state veterans and elected representatives we are going to propose the following posts for coming term. The retirees from outside Hyderabad were not contesting earlier, as their known friends, who may choose them are in minimal numbers in Annual General Body and elections hour.

Hence reforms are brought the posts earmarked for different states retirees, considering the presence of retiree settlers in that state and electorate for that posts will be that state retirees. Thereby ensured that regional choice would be reflected in selection of leaders, committee members in coming elections. This is proposed to see all retirees get opportunity to participate in SBHREA functioning.

This will be placed in Extraordinary General Body meeting on 16/10/22 for approval. If approved the elections will be conducted in these lines. Otherwise the old set of posts will be continued.

For information of all. Hope members understand with broad mind our democratic views and not get carried away with wrong rumours spread by few with ulterior motives or to defame the association.

Members are judges to our past 3 years performance. And we wish they stand by us, if satisfied with our work.

With revolutionary greetings

K. Rohini Rao

General Secretary

SBHREA
