*AIG Hospitals
Gachibowli, Hyderabad*

Dear members

This hospital has given a proposal to SBHREA, promising to extend cashless treatment at discounted rates to our members. We verified and found the quotes are mostly within our eligible limits of Group Insurance. This is panel hospital for UIIC and SBI Gen Ins. Cos. They have separate COVID block with 60 beds. They assured to give bed 'subject to availability'. The hospital has 400 beds with all amenities. We checked the proposal and found the packages for general ailments are less than other Corporate hospitals in Hyderabad.

This is to inform the offer given by AIG Hospitals, to all members of SBHREA. This should not be treated as organisation recommending the hospital.

In Covid 19, we received many enquiries about group Insurance vis a vis cashless facility. Keeping the liquidity problem of retirees, we are circulating this facility offered by AIG Hospitals for your information. .
