

For Hon'ble Minister of State for Finance, Mr...

- a) Whether the direction given by 'Parliamentary Committee on Personnel, Public Grievances, Law and Justice' under the Chairmanship of Dr. Sudershana Natchiappan (MP Rajya Sabha) the meeting dated 8th February 2016, to IBA to dispose of all pending issues of retirees was implemented? (the issues are: Revision of basic pension, Family Pension, 100%DA neutralization for those retired before 2002 etc)
- b) If so, what are the decisions taken by the IBA?
- c) If not, what are the reasons for not taking any decision on such critical issues concerning life of pensioners?

Supplementaries

1. Why pension amounts for retired employees are not revised as and when wages are revised? Because of this an employee retired as officer or award staff decades ago is receiving lesser than pension given to recently retired peon. Is it not violation of fundamental right to equality and Article 14?.
2. What is the logic or justice or reasonability in stopping the updating of pension? Does IBA not owe duty towards the retired employees?
3. There is no burden on Central Government if pension is revised, as there is sufficient amount of Pension Corpus Fund, may be more than Rs. Two lakh crores. How can IBA ignore its former employees while revising the wages? Payment of pension is the statutory liability and responsibility of the employer. They are not doing any favour or giving mercy. It is their entitlement for the service they have rendered since the pension is legally a deferred wage.
4. How long the government should allow injustice and inequality meted out to five lakh employees, aged between 60 to 90 years who are denied.
5. Why the Central Government does not take care of these retired employees? Are they not the voters and citizens of India?
